FOREST FIRE WARDEN REPORT

YOUR TOWN DUMP

USE IT FREELY

CARE FOR IT

Your town dump has been set up for your personal convenience. It provides a suitable place where you can dispose of the large amounts of dangerous, inflammable waste material and other useless items which accumulate around your household and local stores, brush, etc., cut on your property. The town dump has become a valuable and indispensable asset in modern community life.

The most successful town dumps are supervised—regular days provided for their use and inflammable material consistently burned. The town dump which receives no attention, where waste material is scattered about without supervision of any description, soon becomes a community menace and a liability rather than an asset.

Many people still burn debris around their homes. A large number of such fires get out of control causing unnecessary damage and expense to the burner. Why burn at home? Make use of your town dump and eliminate the hazard of burning. It will be easier for you—personally and financially.

If however, you do burn on your premises:

1. Secure a permit from your local forest fire warden—the law requires it. The warden won't refuse you if conditions are safe.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it.

Save yourself much possible difficulty. Use your dump freely—help keep it safe.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of Kensington, New Hampshire:

It is with pleasure that I submit my ninth annual report as superintendent of schools.

The school year 1956-1957 started with the following teaching staff:

Mrs. Esther Prescott, principal and teacher of Grades 4-6; Mrs. Pearl Marston, teacher of Grades 1-3; Mrs. Virginia Lincoln, part-time teacher of Grades 1-2; Mrs. Eleanor Henry, music teacher; Miss Mary Shea, school nurse; Mr. Harold Mataver, handwriting teacher.

Mrs. Pearl Marston, who served as the part-time teacher last year, replaced Mrs. Crowell as teacher of the primary grades.

Mrs. Virginia Lincoln of Exeter has replaced Mrs. Marston as part-time teacher.

This staff is competent and conscientious and it is making every effort to provide good training for the boys and girls.

The action taken by the Exeter School Board which will require the Kensington School District to provide education for the seventh grade starting with the next school year and for the seventh and eighth grades as of September, 1958, poses a problem. One solution would be to think in terms of permanent housing for these grades in the local school. In the case of Kensington the census figures would indicate that a four room school would be necessary by September, 1958, so that each room would house two grades.

Another solution to the problem would be to think in terms of joining in the formation of a Cooperative School District with other districts in the area to build a Junior High School for the seventh and eighth grades.

An unofficial committee representing the districts of Brentwood, East Kingston, Exeter, Kensington, Newfields and Stratham has held several meetings to study this possibility. I believe that at the school district meeting the next step should be taken; namely, to form an official committee to continue the study of this proposal.

There appear to be certain advantages to the latter solution of the problem both educationally and financially.

As far as the next school year is concerned, a minimum of three full time teachers will be needed. Perhaps the best division of grades would be for one teacher to have Grades 1-2 with about twenty-five students; a second teacher to teach Grades 3-4 with about thirty students, and a third teacher to have Grades 5-7 with about thirty students.

The Parent-Teacher Association continues to contribute to the school program in many ways.

I call your attention to the reports of the school nurse and of the music teacher and the tables which follow.

I again express appreciation to the citizens, the members of the School Board, and the teachers for their continued support and cooperation.

Respectfully submitted,

RAYMOND A. HOYT,

Superintendent

Supervisory Union No. 16

REPORT OF THE MUSIC SUPERVISOR

To the Superintendent of Schools:

For many children entering the first grade, the musical experiences that they have in the school are among their first. It is true that radio and television give children the opportunity of listening to music, and this is good, if the music is good. Fortunate are those children who have had a musical environment in the home during their pre-school years.

The importance of the classroom teacher in the school music program cannot be over-emphasized, for it is she who can provide richness in the lives of the children, as daily musical experiences for the pupils must be provided by her. Much help can be given her with a record player and some good records.

As music educators stress the importance of bodily response to music, much is done, especially in the lower grades with this type of musical experience. Responding to music through various types of rhythmic activities, action songs, singing games, dancing and work with rhythm band are examples of this type of activity.

As many children have not found their singing voices when they first enter school, work to obtain this result is important.

In the third grade, work with tonettes is begun. This is valuable as a beginning for note-reading, and also often gives the pupils an interest in studying another instrument later on. A clarinet instructor recently told a new pupil that he thought that her work with the tonette in school had been a big help to her in learning to play this new instrument. It is true that the tonette and clarinet have similar features.

Learning the fundamentals of music, note-reading, part-singing, dancing, listening to music, and music appreciation are also part of the music program.

In the spring, a musical program by the pupils of the Kensington school was presented at the Town Hall. With the proceeds from this program, a record player was purchased for the schoolhouse.

The pupils also participated in the annual Memorial Day services.

In closing, I wish to thank Mr. Hoyt, the members of the School Board, the P.T.A., the teachers and the parents for their co-operation.

Respectfully submitted,

ELEANOR HENRY,

Kensington, New Hampshire

SCHOOL HEALTH REPORT

To the Superintendent of Schools:

The past year has been a healthy one for the Kensington children. No undo epidemic of communicable disease has occurred.

All the children who were eligible have received two polio inoculations. Most parents took advantage of this opportunity and consequently ninety five percent of the pupils have had two shots. There are no plans at present to give a third inoculation through the schools.

A new Speech clinic has been set up at the Exeter High School for one day each week. Any child in Supervisory Union No. 16 needing help with his or her speech is eligible to attend. Several from each school, including Kensington, are enrolled.

The vast majority of minor conditions such as tonsils, visual disturbances, etc. have been corrected during the past year but we do have some dental needs that are as yet unmet. Perhaps another dental clinic in the future will be the solution to this problem.

I wish to thank both the parents and teachers for their help this past year.
